

Signers of The Declaration

CAN WE KEEP OUR INDEPENDENCE?

From Montrose (California) Ledger

Often the question has been asked, "What happened to those men who signed the Declaration of Independence?"

Paul Harvey, noted writer and radio commentator, looked the record up, and here's what he found:

Five signers were captured by the British as traitors, and tortured before they died. Twelve had their homes ransacked and burned. Two lost their sons in the Revolutionary Army. One of the signers had two sons captured. Nine of the 56 fought and died of wounds or the hardships of the Revolutionary War.

But what kind of men were they, these men who boldly wrote their names to the Declaration that lit the fires of liberty in souls of men throughout the world?

Twenty-four were lawyers and jurists. Eleven were merchants, nine were farmers and large plantation owners, men of means, well educated.

Their security, their incomes, their worldly possessions made them substantially well off. But they signed the Declaration of Independence, even though they knew that the penalty would be death on the gallows, if they were captured.

They signed and they pledged their lives, their fortunes. . . . and their sacred honor. Carter Braxton of Virginia, a wealthy planter and trader saw his ships swept from the seas by the British Navy. He sold his home and his properties to pay his debt, and died in rags. Thomas McKean was so hounded by the enemy British that he was forced to move his family almost constantly. He served in the Congress without pay, and his family was kept in hiding. His possessions were taken from him and poverty was his reward.

Vandals or soldiers or both looted the properties of Ellery, Clymer, Hall, Walton, Gwinnett, Heyward, Rutledge, and Middleton. At the Battle of Yorktown, Thomas Nelson Jr., noted that the British General Cornwallis had taken over the Nelson home for his headquarters. The owner quietly urged General George Washington to open fire, which was done. The home was destroyed, and Nelson died bankrupt. His grave is unmarked and unknown.

Francis Lewis had his home and properties destroyed. The enemy jailed his wife, and she died within a few months. John Hart was driven from his wife's bedside as she was dying. Their 13 children fled for their lives. His fields and his grist mill were laid waste. For more than a year he lived in the forests and caves, returning home after the war to find his wife dead. His children had vanished. A few weeks later he died from exhaustion and a broken heart.

Norris and Livingston suffered similar fates. Such were the stories and sacrifices of the American Revolution. These were not wild-eyed, rabble-rousing ruffians. These were soft-spoken men of means, wealth and education! They had security, but they valued liberty more. Standing tall, straight and unwavering, they pledged: "For the support of this declaration, with a firm reliance on the protection of the Divine Providence, we mutually pledge to each other, our lives, our fortunes and our sacred honor."

THEY GAVE US AN INDEPENDENT AMERICA. CAN WE KEEP IT?

Today it appears our leaders are much more frightened and pressured by the Zionist Jews than the American Patriots were by the British in 1776! Editor

REDS RACIAL RECORD

William Z. Foster, former head of the Communist Party in America, declared in his book entitled—

"TOWARDS SOVIET AMERICA"

"The American Soviet will of course abolish all restrictions upon racial inter-

marriage The revolution will only hasten this process of integration, already proceeding throughout the world with increasing tempo."

(Page 305-306)

David Lawrence reported in his newspaper column (Times-Picayune, Nov. 12, 1958) that Prof. Allen Nevins, long time professor of American history at Columbia University, two time Pulitzer prize winner—

"is emphatically in favor of desegregation and calls upon the Southern people to face reality, as he tells them that intermarriage between the races in the coming years is inevitable."

REDS SUPPORT NAACP

Today, the Kremlin leadership in Moscow feels so firmly entrenched in the NAACP that the top official organ of the Communist Party in the U.S. has advised all of its followers that:

"We must support the NAACP in this struggle with every ounce of energy at our disposal."

(Political Affairs, official organ of the Communist Party in the United States, Feb. 1950, page 26).

New Frontier Bleeds Us

THIS IS THE WAY ESKIMOS DEAL WITH WOLF PACKS

They imbed razor-sharp knives down in the ice and apply a little seal blood.

The wolves are attracted by the blood and lick the knives, cutting their tongues.

They are delighted by the seemingly inexhaustible supply of nourishing blood they can lick off the knives. They stand there licking until they drop in their tracks from loss of blood. Then they freeze to death in the snow.

This is a clever trick.

But we are in no position to jeer at the stupidity of the wolves.

We Americans have been falling for a similar trick for a good many years.

In Washington and in our state capitals are a great many politicians. They propose to give us Federal support. They will empty the Federal treasury at our feet.

There is nothing in the Federal treasury but what we have sent there by way of the tax collector.

These taxes are our blood, and we cannot be nourished by it any more than those wolves can thrive on their own blood.

But we have bought this kind of government.

We are trying through the Federal process to nourish ourselves with our own blood.

Potential Leaders Destroyed

General Edwin A. Walker

It has been going on since the FDR gang of communists and fellow travelers gained control of Washington in 1933.

Anyone not controlled by marxists and showing signs of being able to attract people has been methodically smeared and discredited. This was done in a merciless, aggressive way.

As a result we have no patriots who are rated national leaders capable of organizing real Americans to drive out the leftist bureaucrats who are pushing us towards bankruptcy, chaos and despair.

Now comes General Edwin A. Walker, fearless and aggressive, showing signs of leadership. The Jewish Overseas Weekly in Germany wanted revenge because the General banned the filthy sex sheet from Army grounds; then the U. S. communists and New Frontier began the smear.

Adam Yarmolinsky (who calls the shots in the Defense Department) set the machine that would drive out of service a West Point General, who spent 30 years in the Army. General Walker made speeches over the country which displeased the New Frontier, hence, they watched him and the Mississippi tragedy gave them an opening. They must crush him and label him "insane."

The government psychiatrist Smith who ordered him held in a mental hospital admitted to Gen. Clyde Watts, Walkers attorney, that he had never met the General. What goes on here?

They did plan on keeping him 60 or 90 days,—Did they also plan on giving the General a labotomy, thus making him a zombi?

The General's attorneys deserve credit in forcing his release and preventing brain surgery.

Dr. Wilfred Overholser, Jew, government appointed psychiatrist, will direct the examination of Gen. Walker in Dallas, Texas. Dr. Overholser is head of St. Elizabeth's Hospital, Washington, D. C. that held Ezra Pound, a sane man, for twelve years, and another patriot, Lucille Miller, was railroaded to the same mental institution.

There were many victims before General Walker; a few were: Colonel Lindbergh, Senator Wheeler, Father Coughlin, Senator Joe McCarthy, James Forrestal, General Patton, General MacArthur.

The most practical answer to all this insane conspiracy is public sentiment—for each reader of COMMON SENSE to secure five new subscribers. Some will need to get more to make up for those who will get none.

DON'T BE INTIMIDATED.
